Subject: N & D ORDERS

Using a C order for a Switch As Is order is going to be trialed in October: I'm sure the outcome will determine the implementation schedule. I will keep you informed of the schedule after we have the results of the trial.

Sharon

Sharon,

Because the fourth quarter is now upon us, is there a specific month or date for this process to be implemented?

Brian

RE: Consideration of BellSouth Telecommunications, Inc's Services
Pursuant to Section 271 of the Telecommunications Act of 1996;
Docket No. 6863-U/7253-U

Dear Chairman Wise:

This purpose of this letter is to provide the Commission with further information with regard to the BellSouth letter that was discussed by Mr. Tamplin of AT&T in his summary and referred to by Mr. Adelman in his cross-examination of Mr. Scheye and Mr. Stacy in the recent hearings in these dockets. A copy of the letter sent to Mr. Tamplin is attached to this letter.

MCI clearly implied at the hearing that BellSouth is in violation of the MCI/BST interconnection agreement by virtue of sending the type of letter received by Mr. Tamplin. This is simply not correct. Paragraph 1.1.1.3 of Attachment VIII to the Agreement states that "BellSouth shall not use MCIm's request for subscriber information, order submission, or any other aspect of MCIm's processes or services to aid BellSouth's marketing or sales efforts." The letter at issue here is generated by the placement of a DISCONNECT order with BellSouth to terminate the customer's local residence service. MCI's request for subscriber information, order submission, or other processes or services are not utilized in this process at all. The disconnect order placed with BellSouth is not MCI's information. Rather, it is information that BellSouth, like any other local exchange carrier, will receive when a customer desires to terminate his or her service.

The form letter, which was sent only to residence customers, was originally intended to serve as a simple notification to the customer that their local service with BellSouth had been terminated. It was designed to protect the customer from being slammed.

Chairman Stan Wise August 14, 1997 Page -2-

BellSouth clearly has the right to solicit customers who have disconnected BellSouth local service, and have gone to a competitor, in order to try to win back their business. This is the essence of competition. However, this particular letter was never intended to be a win-back letter. Since language reflecting our company's desire to continue serving the customer has been construed by MCI as "win back" language and that language appears in the letter, BellSouth discontinued sending these letters effective the first week of August, 1997.

In the future, BellSouth will in all likelihood send letters to customers who have disconnected their BellSouth service seeking to win back their business back. These letters will be sent after the disconnect order has been completed and the customer has been transferred to the CLEC. No CLEC ordering or other CLEC information has been or will be used by BellSouth to generate or process these letters.

I hope this clears up any concerns about this letter.

Very truly yours,

Fred McCallum Jr.

SUBJECT: BellSouth CARE Guidelines for Local Competition

Attached are detailed guidelines in support of BellSouths: implementation for Local Competition in the CARE arena.

Effective 01/31/97 in our Atlanta site in Georgia, and 02/07/97 in all remaining states, CARE responses to PIC/LPIC changes will include the recognition of a resold line/account as well as facility-based lines ported to another facility provider. BellSouth will follow OBF recommended guidelines for unique transaction codes/status indicators to communicate PIC/LPIC changes and BNA and Data Gathering requests in a Local Competition environment.

BellSouth State PIC/LPIC change processing capability may vary on a state basis. In compliance with PSC Orders, BellSouth may or may not be allowed to honor a PIC/LPIC change on a resold line. These guidelines cover all processing considerations.

There are still several OBF Local Competition issues yet to be resolved. You will be notified of any future enhancement to further the Local Competition effort as we progress at an Industry and Local level.

If you have questions concerning these enhancements, please contact your BellSouth Account Team Representative, the Equal Access Service Center at 1-800-456-9127, or Shirley Loewen, BellSouth CARE Project Manager at 205 977-0121.

Sincerely,
- ORIGINAL SIGNED BY SANDRA HUNT
